No. 30

Cordial Invitation Extended to all to Visit Didsbury's Great Fair.

Hearty Support and Co-operation will make it the Biggest and Best Yet.

Welcome, thrice welcome to Didsbury's 24th annual exhibition and fair. This is the message sent forth by the officers and members of the Didsbury Agricultural Society.

The message is warm in the spirit of co-operation. It passes from workers in one section of the community to all within the boundaries of this big district. It is intended to reach every man, woman and child within the Didsbury area.

and erected substantial buildings thereon. They have given to Didsbury a midsummer exhibition which the people of this district may turn to with pride.

As in previous years, they hope and trust for the co-operation of all, and again renew their invitation to every resident to participate in making this annual event as successful as possible.

Now in its twenty-fourth year, our exhibition has not reached its present stage without difficulties. These have been overcome, and the Didsbury Agricultural Society today is known far and wide for its capable management, no less than for its enthusiasm and working ability. Its officers have built cautiously and carefully, always with a vision of the requirements of tomorrow, and so far a real exhibition organization is the result. Selfishly and painstakingly they have accomplished a difficult task. Year by year the exhibition has been handled in the best interests of the community, and for the benefit of the rich agricultural country of which Didsbury is the centre.

Public opinion hitherto has been favorable to this fact, and continued recognition of the praiseworthy efforts made by the officials may be recognized by the increased attendance at the fair grounds.

The true value of any exhibition is to be found in the many educational benefits it affords, and though entertainment is a very necessary feature, an exhibition's actual worth is not to be found in its joy-producing capabilities alone. One must look for lasting results—those that make for individual advancement, that tend to education. These are the important features of our exhibition this year.

In the stockyards one will find Swine—hogs, dairy and beef cattle, sheep, hogs and poultry. The domestic building will carry an exhibition of the finer arts, cooking, etc., that will interest and delight every visitor.

In addition, there will be a fine horse racing program, athletic events, baseball tournament, etc.

And remember, every man, woman and child is welcome. Didsbury wants everyone at fair time. This annual exhibition is the great medium that

WORLD HAPPENINGS BRIEFLY TOLD

The King has approved the alliance of the Prince Albert volunteers of Prince Albert, Sask., with the Bedfordshire and Hertfordshire regiments of the British army.

Atlantic air liners are only ten years away. Commander Byrd predicted in summing up the experiences of his flight to France upon his arrival in New York.

The Colonial Office received a telegram from the acting high commissioner in Palestine reporting the casualties in the Palestine earthquake as 200 killed, 356 seriously injured, and 375 slightly hurt.

Assembling in Toronto more than 50 Canadian aviators adopted tentative plans for the formation of an association of their own, to be known as the Canadian Aeronautic Association.

Volcanic eruptions in past years is given as one reason for the poor run of salmon in Bristol Bay, Behring Sea, this year. Reports say the pack will not run more than half the usual season's taking.

First of two seaplanes to be used by pilots of the Dominion Airways Ltd., of Vancouver, in patrolling the West Kootenay for the forestry branch has arrived in Nelson from Quebec, to which point it was shipped from England.

The Irish Free State, in a cable received by Premier W. L. Mackenzie King from William T. Cosgrave, president of the state cabinet, expressed its sincere thanks for the prime minister's message of condolence respecting the death of the late Kevin O'Higgins.

Russia Preparing For War

Red Army and Fleet Have Been Greatly Strengthened

A report from Moscow says that War Commissar Voroshiloff sees in the "Week of Defence," which has just closed, the end of the feeling among the masses of false security concerning the possibility of war. All workers, he believes, now are alive to the danger and the necessity of being prepared. All eyes are turned toward the Red army and fleet, both of which, he says, have been enormously strengthened during the past year, the great majority of whose officers are equipped theoretically as well as practically, and whose morale is on a higher plane than that of the Bourgeois forces.

Finance Commissar Bruckanov declares that the peasants will answer the British effort toward financial blockade by turning over their savings for the country's defence. He declared that the war budget, formerly forty per cent. of the country's entire budget, must be increased materially.

The week of defence was conducted with a monster rally in Moscow, including a sham battle demonstration of gas attack, tank operations, and athletic sports.

Canada's Flying Men

Announcement that eighty Canadian fliers are competing for the opportunity to participate in the London-to-London airplane flight recalls that Canada contributed many men to the air forces during the war and suggests that it still possesses a considerable number of men qualified to operate aircraft.

Francis H. Richards, 76, of Stamford, Conn., is Thomas Edison's closest rival for the title of world's most prolific inventor. He has nearly 1,000 patents to his credit, while Edison has about 1,200.

Object To Word "Foreigner"

Ukrainians Not Ashamed of Ancestry But Consider Themselves Canadians

"We have much talk of immigration these days, and many unpleasant reflections are wrongfully made against the Ukrainian people. We have put our shoulders to the wheel. We are giving our brains and energy for the building of this country and we are willing to work and co-operate. Our children know no other native land but Canada, and for these reasons we protest against the brand of "foreigner" being applied to hundreds of thousands of Canadians and we have no reason to be ashamed of our ancestry."

So stated Dr. G. E. Dragan, of Saskatoon, addressing some 350 school children and others at the annual school fair and sports day held at St. Julien recently.

Pupils of 10 schools had exhibits at the fair.

Suffragettes Stage Demonstration

Described As the Greatest Meeting That Will Ever Be Held

Women suffragists in London held a demonstration recently with banners flying in Trafalgar Square in support of Preacher Baldwin's so-called "suffrage vote bill," a measure granting the ballot to all women over 21 years of age. The demonstration was led by Viscountess Rhonda, who described the meeting as "the last great suffragette demonstration that will probably ever be held."

Many of the suffragette leaders were present, among them Mrs. Despard, Mrs. Pethick Lawrence and Mrs. Millicent Fawcett.

Shirring Makes an Attractive Self Trimming

Charmingly simple is this smart frock. The skirt is shirred and joined to the bodice having shirring at each shoulder, and the long sleeves extend into the neck and are gathered at the lower edge to narrow wristbands. Contrasting material is used for the bias facing, and a long panel extends the full length of the front. No. 1596 is for misses and small women and is in sizes 16, 18 and 20 years. Size 18 (36 bust) requires 3 1/4 yards 39-inch, or 2 1/2 yards 54-inch material and 1/4 yard 39-inch contrasting Price 20 cents the pattern.

Home sewing brings nice clothes within the reach of all, and to follow the mode is delightful when it can be done so easily and economically by following the styles pictured in our new fashion book. A chart accompanying each pattern shows the material as it appears when cut out. Every detail is explained so that the inexperienced sewer can make without difficulty an attractive dress. Price of the book 10 cents the copy.

Sending Power By Radio

Famous Inventor Claims Experiments Have Been Successful

Airplanes and airships driven by light electric motors instead of the heavy gasoline engines now used will soon be a feature of air travel, according to Nicola Tesla, inventor of the alternating system of power transmission. The motor will be turned by power transmitted by radio, in the opinion of the famous inventor. He also believes the power will be generated in huge central power stations, from which it will be broadcast freely through space to provide power for all kinds of aeronautical travel.

The moisture of the air, obedient to the human mind through the application of air-piercing electrical currents and a wireless force far more powerful than the much heralded "death ray," will melt battleships and armies in the twinkling of an eye, in the opinion of Mr. Tesla. He also says such power will be used to drive irrigation projects and to operate farm machinery.

Interviewed in New York on the event of his seventy-first birthday, the inventor announced he had proved experimentally he could send wireless power half way around the world without losing 1/4 of 1 per cent. of it.

"When I was about nine years old I used to construct little water turbines in the streams that rushed down the mountain sides near my home in Smiljan, Jugoslavia," said Mr. Tesla. "On one occasion I told my uncle, who was a Metropolitan in the Greek Church, that some day I would put water power appliances in Niagara Falls, about which I had read."

Mr. Tesla aided in the designing and construction of the first power turbines to be placed under the famous Canadian-American Falls, thus realizing his boyhood dream.

Historic Sites Selected

Memorial Cairns To Be Erected At Brandon House and Fort Carlton

Old Brandon House, established 1794, not far from the present city of Brandon, Man., and Fort Carlton, in what is now the Province of Saskatchewan, have been selected for early marking by the historic sites and monuments board, Ottawa. Other western localities which will receive the memorial cairn or shaft are:

At Banfield Creek, Barkley Sound, Vancouver Island, B.C.—Terminus of Pacific cable connecting Canada with Australia, completed in 1902.

At Victoria, B.C.—Port Victoria, an early Hudson's Bay Company post and the centre of the first organized British government on the Pacific—the colony of Vancouver Island, formed 1849.

At Point Grey, Vancouver, B.C.—Meeting place of Captain George Vancouver, R.N., and the Spanish explorers in 1792.

Telegraph passage. Skeena river, B.C., was named in 1865, when large supplies of telegraph wire were landed there in that year to carry out the construction of a telegraph line from America to Europe via Bering Strait. On the successful laying of the Atlantic cable in 1866 the scheme was abandoned.

It's a question which are worse, shortcomings or long stayings.

New White Star Liner "Laurentic" Launched

The Laurentic, belonging to the White Star Line, was launched recently at Belfast and she will be completed early in the winter after which she will be used on Mediterranean cruises. Next spring she will enter the Canadian trade and sail between Liverpool and Montreal. This liner, 19,000 tons, will share with the White

SUNDAY SCHOOL LESSON

JULY 31

DAVID AND JONATHAN

Golden Text: There is a friend that sticketh closer than brother.—Proverbs 18:24.

Lesson: 1 Samuel 18:1-4; 19:1-7; 20:1-14; 23:15-18; 2 Samuel 1:17-27.

Devotional Reading: John 15: 9-17.

Explanations and Comments

The Two Friends, 18:14. — David's victory over Goliath not only brought about the defeat of the Philistines, but gained for him a position at court and the devoted friendship of Jonathan, the King's son. Jonathan was present when Abner, the captain of the army, brought David, the victorious champion of Israel, into the King's presence. At once a beautiful friendship sprang up between David and Jonathan. They made a covenant together, exchanging pledges. Jonathan had the most to give. Nothing was too good for his new-found friend, for he loved David as his own soul, and stripping off his own robe he gave that to David and all of his apparel, even to his sword, bow and girdle.

"The prime gain of friendship is just the knowledge of a noble soul. That was what Jonathan felt. David won Jonathan's heart on the day when he stood revealed in all the riches of his regal nature—that day when Goliath was slain. David was proved to be the grandest man of Israel, fullest of patriotism and beauty, courage and skill, and all his qualities were adorned and set off by his humility. As you read the subsequent history of that friendship you are very apt to think that David was the gainer, for Jonathan was a perfect miracle of tenderness, and was never weary of sacrificing himself for the interests of his friend; yet I conceive that that would be false judgment. I am certain of this, that Jonathan would not have agreed to it. David was by far the more splendid nature, and I expect that is what determines which is the gainer in a friendship. It is the man who has most in himself to give who gives most, not the man who has most of what is external to give."—James Stalker.

"Convey thy love to thy friend as an arrow to the mark, to stick there, not as a ball against the wall, to rebound back to thee; that friendship will not continue to the end that is begun for an end."—Quarles.

Landmark Will Be Preserved

Famous "Banbury Cross" Is To Be Left Standing

The Mayor of Banbury, in Oxfordshire, has announced that a compromise has been effected whereby the Banbury Cross, known to millions of children as the objective of the "Ride of the Cockhorse," is to be saved from the demolition demanded by autoists on the ground that it blocked the road and endangered traffic.

The railings about it will be removed and the lamps set back to give a wider roadway.

Hundreds of letters from America and all the British dominions, it is said, asked for the preservation of the landmark after news of the campaign of the motorists for its removal was cabled round the world.

Have Eight Million Reserve Western wheat pools have been able to set aside in three years, by elevator and commercial reserve deductions, the large total of \$8,000,000 to ensure the safety of their organization and to carry out its projects. Approximately \$3,000,000 will be set aside from the proceeds of the 1926 pool as commercial and elevator reserves.

C.P.R. in Strong Financial Position

A Great Enterprise That Has Been Ably Administered

To examine the situation—financial and otherwise—of the Canadian Pacific Railway in the interest of United States holders of Canadian Pacific stock, the New York investment and banking house of Wood, Struthers & Co., after patiently exhaustive investigations, including inspections of the main portions of the railroad, have issued a 90 page review, the general conclusions of which are set forth in the following summary:

"Few, if any, great enterprises have been more logically conceived, more skillfully completed, more thoroughly integrated, or more ably administered than the Canadian Pacific. From a relatively modest beginning, it steadily forged ahead, till it achieved its present position of the greatest privately owned transportation machine in the world. And throughout this trying period of expansion, it is gratifying to note that the enterprise has been developed with due regard to profits for owners, as well as service to patrons.

"Its unbroken dividend record extends back for almost half a century. From 1883 (the years of its first disbursement to its stockholders) to date, its dividends have averaged 6.7 per cent. per annum, while no less than 10 per cent. has been paid for the last 17 years. Nor does the dividend record alone tell the whole story. For every dollar paid in dividends on its common shares, it has retained, in the form of surplus, an additional seventy-seven cents. The book value of its common shares is now \$244.

"Its record for service (as distinguished from profits) is even more remarkable, for it was the pioneer and has ever since been the chief factor in furnishing the thinly settled Dominion of Canada with transportation facilities a quarter of a century in advance of their needs and at rates materially below those prevailing on this side of the line. And to supplement this extensive rail service, it has developed one of the most extensive and favorably known inter-ocean shipping routes to say nothing of its excellent British Columbia coast service; telegraph, express and sleeping car services have been created; imposing lines of hotels erected; and mineral resources of magnitude exploited and profitably developed.

"The great war checked the normal growth of the Dominion and left behind problems of grave importance. But gradually the Dominion is emerging from the effects of the war, immigration is increasing and promises to develop even more satisfactorily, and, in like manner, the Canadian Pacific is making progress.

"The holders of the consolidated debenture stock and prior obligations of the Canadian Pacific, even during the initial period of development and the more trying period commencing with the war, have enjoyed excellent security. During the last decade fixed charges on these obligations have been earned on an average of more than 4.1 times and the assets securing them are valued by the company at more than a billion dollars, or 43 times the amount of the debenture stock outstanding.

"The investment risks to the shareholders are compensated to an unusual extent by the prospects of more than commensurate reward should their faith in the enterprise be vindicated. Not only do they receive a generous rate of return, the safety of which seems to have been adequately tested in the last decade by the Canadian Pacific's success in coping with the trying circumstances of the period, but there are several avenues which will possibly lead to an eventual position of prosperity exceeding that of any former period of its history.

PAINTED FIRES

BY NELLIE L. MCCLUNG

COPYRIGHT, CANADA, 1925

CHAPTER V.—Continued

"It's a pity they couldn't eat at home," he grumbled. "It's a wonder they go home to sleep. I fully expect to find a bunch of them here some morning. The new man is bug-house on making the church serve the young people. If he had to clean up—and this new battleship linoleum shows every mark—he might feel different. There's no respect for the sacred edifice any more. I can't get used to rioting and mirth in God's house, an' the cleanin' up after it is fearful; and my word! this swimmin' pool that he's goin' to put in is a wicked thing to me. The house of God is for the cleansin' of heretics. 'Cleanse your hearts and not your garments,' says Job. 'Whited sepulchres, maskin' clean the outside of the cup and platter while the inside is full of ravenous wolves'—ain't it the hidin' truth? But no one listens to me now—my ways is out of date. It's all youth, youth, and I wouldn't mind so much if he brought in only our own young people. I buried their fathers and mothers, some of them, and christened them, but this man brings in every tag-end he can find—odds and ends—odds and ends—what does he care. This church had a name before he came. More cars and better cars stopped at our curb than at any other church in town. What now? Baby carriages, mother's meetings, bean feeds. I find broken garters, tissue paper, table napkins rolled into wads, sandals, comforts, babies bottles. 'Servin' the neighborhood,' he says. It's grand to be a sinner these days—there's so much done for them—and even at that he don't believe in hell! I asked him, and what did he say? Says he, 'I wouldn't like to take the responsibility of hell.' Mr. Sims, he says, 'Take away hell from our religion,' says I, 'and where are we?' says I, and he went out laughin' like an overgrown schoolboy—laughin' because he could not answer me.

Religion ain't what it used to be. There's no way of warnin' the wicked now. Where's the good old hymns we used to sing? We'll hear the

WOMAN COULD HARDLY WALK

Mrs. Horn Tells how Lydia E. Pinkham's Vegetable Compound Restored Her Health

Hamilton, Ont.—"I have taken Lydia E. Pinkham's Vegetable Compound and would not be without it now. I had a female trouble so badly I could hardly walk and I was all rundown and could hardly get around to do my housework. I would be in bed three or four days at a time. I was told by a friend to try your Vegetable Compound. I did, and by the time I took two bottles I was beginning to get around again. I took ten bottles in all, and now I am all right again and doing my own work. I have six grown-ups to work for, so I have plenty to do. I also used Lydia E. Pinkham's Sanative Wash, and I think it is good. But I owe my health to the Vegetable Compound, and I think if more of it was used women would be better off. I would not be without it if it cost much more."—Mrs. NELLIE JAMESON, 805 East Cannon Street, Hamilton, Ontario.

Do you feel broken down, nervous and weak sometimes? Lydia E. Pinkham's Vegetable Compound is excellent to take at such a time. It always helps, and if taken regularly and persistently, will relieve this condition. Q

Miss Rodgers explained the project to her "Merry Maids." Consternation sat on their young faces. They

had been able to follow the Blue and Gold Book on the "Curio" meeting, "Stories about Hymns" meeting, "Cooking out of doors" meeting, "Irish Stories" meeting, but where could they get enough foreign girls to go around? There were fifteen girls in the group. If they did get fifteen girls how could they all get time to do a piece? And it wouldn't do to leave any out. Maybe some wouldn't like some of the others, and with so many nations represented it might make trouble, even fighting!

Lucy Powers at this cried out, "Oh, gee, wouldn't that be fun?" She was of Hibernian extraction.

Dorothy Moss was afraid. "The foreigners quarrel so among themselves," she said "and they're so fierce. Our washerwoman's sister killed her man at Gimli, and when she was in jail at Stoney Mountain my mother went to see her and asked her if she wasn't sorry, and she said she was, and mother thought that was a good sign, and maybe she was going to repent and find pardon but she went right on and said she was sorry she had not killed him long ago. Mother did not know what to say. But Mrs. Karaski said she believed in God all right, if that's what mother wanted to know. "God was alright, you bet," she said, and she was thankful, too. God had been good to her and let her find the axe just when she was getting the worst of it. Mother came home all shaken up."

Hattle Butterfield had a bright idea. "Let's begin with one foreign girl—real foreign, I mean. Just out from some foreign country—and I know one. Miss Abbie Moore has a Finn girl, and she smiles at me every time I pass, and she does her hair just like we do now, and she has white shoes and all, and she comes to church, and you wouldn't know it on her." Hattle did not specify just what it was that Helli was able to conceal.

Someone began to sing:

"How do you do, Mr. Sims,

How do you do?

Is there anything that we can

do for you?"

"Shut up girls," said Lucy Powers, severely. "I want to talk seriously to Mr. Sims. He asked me the other day if I ever repented, and I want to tell him I've done nothing else all week. I've been kept in every recess for not getting my essay done in time, and I've had to watch the other girls playing while I sat inside struggling with an essay on "Concentration" and the teacher was nasty to me all the time, and I've had such a bad time, I nearly lost my religion. Tonight I am going to ask for the prayers of the congregation for the teacher—she's so mean—that she'll either change or die or something. I'll leave that to the Lord."

Mildred Masters had a problem, too. "Say, Mr. Sims, isn't it fierce when no one seems to understand you? You know I resolved to try to smile this week and see if miles and miles of smiles would grow from mine, and when I smiled at teacher when she was scolding me she said to me right before everyone, 'Take that silly grin off your face.' Now what is a poor girl o' do? Isn't life the bunk, anyway? What would you have said to her, Mr. Sims? They'll do the rest now, don't you bother; the House Committee has to get the meal ready, you just advise me."

Mr. Sims laid down his broom and considered the troubled soul before him, whose red cheeks and sparkling eyes plainly belied the sad tone of her voice. The rest of the girls vanished into the kitchen.

Miss Rodgers, the teacher of "Canadian Girls in Training," drank deeply from the Blue and Gold Book in her hours of need, for that wonderful book is a deep well, and no one need draw on an empty bucket who dips into it. It knows all about work among girls, and it can tell you exactly how to go about each meeting. Miss Rodgers, who had undertaken to lead this group of girls, would have perished long before if she had not had the Blue and Gold Book. It said that the meeting for this month would be social in its character, and the "activity" would be the entertainment of foreign girls. The small print said, "There are probably some girls of foreign birth in your neighborhood. Invite them to a supper meeting. Find out if they can sing or recite. Even if it is in a language unknown to you it will make them feel that they belong if they contribute to your program." (Do you see now how deep the Blue and Gold Book is?)

Miss Rodgers explained the project to her "Merry Maids." Consternation sat on their young faces. They

Conflict Over Skirt Lengths

Movement Is On In Europe To Introduce Longer Skirts

"While America has accepted with complaisance current fashions in women's clothes both on the street and on the beaches, there seems to be some agitation in Europe as to the moral significance of skirt lengths and bathing suits," reads an editorial in *The Outlook*.

Recently one faction of the Queen Louise Association in Germany declared that short skirts were a sign of moral degeneracy, and began a campaign for long skirts. The *Outlook* editorial continues. "For some reason, it developed into a rural versus urban conflict, and the women of Berlin banded together in defense of prevailing fashions. On another front we find Italian women protesting against current brevities and carrying their campaign to an insistence upon skirts below the shoe-tops for all Italian girls. In some districts the movement for dress reform has met with considerable success. In Bologna children with short skirts are barred from the schools, while throughout Italy stricter regulations are in force for modesty on the beaches.

"But it is in Turkey that the most drastic movement is under way. Numbers of Moslem women are supporting a campaign for a uniform dress for all women. Extravagance and feminine jealousy are the evils this movement fights, rather than moral degeneracy, and its program is for the adoption of some universal costume neat but not gaudy. Perhaps this would solve many problems, but we somehow doubt the success of the movement. Women will dress pretty much as they desire despite all attempts at reform or standardization, and we may safely leave even skirt lengths and bathing-suits to their own sense of propriety."

Firestone DEALERS

ARE PIONEERS IN BALLOON TIRE SERVICE

Another Reason Why They Serve Motorists Better and Save Them Money

The advent of the Balloon Tire required an expansion in repair methods. To meet this situation Repair Schools were opened at the Firestone factories where the Firestone dealers and their repair men have been instructed in the care of tires and the use of the specially-designed Firestone Balloon Tire equipment.

In each territory throughout the country Dealer Educational Meetings have been held. These have been attended by most of the Firestone Service Dealers who have obtained the latest information regarding tire construction, care and repair methods.

Firestone Dealers are kept up-to-date on tire development and service—continually progressing and improving their ability to serve you better and save you money. See the nearest Firestone Dealer to-day and let him handle your tire requirements.

KEEP CHILDREN WELL DURING HOT WEATHER

Every mother knows how fatal the hot summer months are to small children. Cholera infantum, diarrhoea, dysentery, colic and stomach troubles are rife at this time and often a precious little life is lost after only a few hours illness. The mother who keeps Baby's Own Tablets in the house feels safe. The occasional use of the Tablets prevent stomach and bowel troubles, or if trouble comes suddenly—as it generally does—the Tablets will bring the baby safely through. They are sold by medicine dealers or by mail at 25 cents a box from Dr. Williams' Medicine Co., Brockville, Ont.

Enjoying the King's Garden

Public Admitted to Grounds at Sandringham Two Days a Week

The King's garden at Sandringham came first in the list of gardens in England and Wales opened to the public under the June scheme. Its share in that scheme, however, is much larger than this would imply. Most of the gardens may be seen on only one day, whereas admission to Sandringham is permitted during the absence of the court, on every Wednesday and Thursday, from May 1 to September 30, the total of the six-pence paid at the gate being equally divided, by the King's command, between Queen Alexandra Memorial fund and local charities. Last year local charities benefited to the extent of between £600 and £700 from the fees.

Sandringham leaves its visitors happily to themselves with a large liberty. The parties which take their simple luncheon sitting on the grass among the flowers may, very evidently, be trusted to leave no litter.

A better expression of the prevalent spirit could hardly be wished than the admonition addressed by a woman to her small son: "Yes, you can smell the flowers, but not too hard."

Minard's Liniment for earache

Magistrate (to talkative prisoner): "Now, what have you got to say?"

Prisoner: "I've got a good deal to say, guv'nor, if you'll give me time to say it."

Magistrate: "Certainly; six months."

From \$150,000,000 to \$200,000,000 is paid out yearly for papers that used to be destroyed before Joseph Gatti, a Park Row, New York, newsboy, began collecting them and selling them to mills that make wrappers and cartons.

As many as walk according to this rule, peace be on them.—Gal. vi. 16.

The Highest culture is to speak no ill;

The best reformer is the man whose eyes

Are quick to see all beauty and all worth,

And by his own discreet, well-ordered life,

Alone reproves the erring.

Like alone acts upon like. Therefore, do not amend by reasoning, but by example; approach feeling by feeling; do not hope to excite love except by love. Be what you wish others to become. Let yourself and not your words preach.

—Henri Frederic Amiel

A man's conduct is an unspoken sermon.—Henri Frederic Amiel.

Canadians Go Abroad

Estimated That Nearly 25,000 Canadians Touring Europe This Year

Frequent surveys are being made of the value of the American tourist trade to Canada but there are no estimates of the value of the Canadian trade to Europe. This year the passports branch of the Department of External Affairs has issued over 18,000 new passports and renewed 1,800 passports previously issued. It is conservatively estimated that nearly 25,000 Canadians are abroad this year, mostly in Europe.

Relieves Asthma at Once. If you could read the thousands of unsolicited letters received by the makers from grateful users you, too, would realize the remarkable powers of Dr. J. D. Kellogg's Asthma Remedy. All cases, incipient and chronic, are benefited by this great family remedy. Why suffer or experiment with worthless preparations when the genuine Kellogg's can be purchased everywhere.

Some men are born great, some achieve greatness and the majority do not trouble themselves very much about it.

A pleasant medicine for children is Mother Graves' Worm Exterminator, and it is excellent for driving worms from the system.

There is no rest for the man who does everything his wife tells him to do.

LOCAL AND GENERAL

The picnic and stampede arranged by the Dog Pound U.F.A. to take place on July 20th has been postponed to August 3rd.—W. R. Watt, sec.-treas. Dog Pound U.F.A.

Anyone having an account against the Didsbury baseball team are requested to send it in to Dr. H. C. Liesemer.

The two days' celebration held at Innisfail on July 1st is expected to show a profit of \$900, most of which will be applied to a mortgage on the agricultural grounds.

Miss Ada Simons of Salem, Ore. is visiting friends here for a week or two.

Among those of our residents who have been visiting at Sylvan Lake the past week are the following—Mr. and Mrs. Lee Sanderman, Mr. and Mrs. Cuffling, Miss Ada Simons, Miss Laura Brown, Mr. and Mrs. Cecil Studer, Mr. and Mrs. Ward Keith.

The Westerdale Sunday School will hold their annual picnic on August 2nd. Everybody welcome.

Birth—On Saturday, July 16th, to Mr. and Mrs. J. Casey, a son.

Mr. and Mrs. F. Mertens returned on Sunday from a visit to Calgary and Strathmore.

Mrs. Mjolsness has returned from a week's visit to Calgary.

The marriage took place on Thursday, July 14th, of Miss Annie Dougan of Bergen to Allen Gole of Didsbury, the Rev. Dickson performing the ceremony at the Knox United Parsonage, Calgary. Mr. and Mrs. Gole have taken up their residence in their new house at the south-end of town.

B. A. Miller of Rosetown and family, and Will Miller and family of Toronto have been the guests during the past week of Mr. and Mrs. J. R. Miller of Didsbury. Will Miller's son, by the way, was instructor to George Young, whose swimming exploit some little time ago aroused so much interest.

At the Innisfail golf tournament last week J. McDougall won first prize in the second flight, and first in approaching and putting. He and a Innisfail lady also won first prize in a two-ball foursome. Melville Huget obtained first in the one-club competition and the second prize was won by Keith Miller who also succeeded in winning a prize in another competition. His brother, Richard, was another Didsbury lad to share the honors, winning third prize in the third flight.

Miss Ruby Traub and Miss Doris Murphy who were candidates for the Toronto Conservatory Examinations have received announcement of the honors of passing the required examinations. These students are of Mrs. (Rev.) Roppel's studio.

A hot dinner will be served, as usual, at the Fair, August 3rd, by the W.C.T.U. Reasonable prices and a real meal is assured to all our patrons. Gifts of home cooking from all our friends will be much appreciated.

Messrs. McCoy and McCann, who secured a graveling contract for south of Calgary, have purchased four Chevrolet trucks from the Adshead Garage. This agency of the Chevrolet also reports sales of cars to Wilfred Miller and F. W. Cameron, and to another purchaser a Chevrolet sedan.

Geo. Lunt and family left Monday morning via the auto route for points in British Columbia.

A. G. Studer has now completed the excavation for his new house, and this week is hauling the lumber for the construction.

Mr. and Mrs. Lloyd Munson of Vulcan are visiting their parents, Mr. and Mrs. H. L. Reimer. The crops at Vulcan, Lloyd informs us have never looked better, and a big yield is certain. The hail storm which visited them a couple of weeks ago, although bad enough, nevertheless did not affect the crops to any great extent.

The District U.F.A. Convention, which was to have been held at the Opera House, Didsbury on Wednesday, July 27th, has been postponed to Thursday, August 11th. Lunch at noon. Convention at one o'clock.

Two shows will be given at the Opera House on Saturday, at 7.30 and 9.30 respectively. The picture is entitled "Steel Preferred." Star cast. An excellent show throughout.

Miss Smith has resumed her accustomed place at the wicket of the local P.O. after a very pleasant holiday spent with friends in Calgary and other towns.

Miss Kerr of Vancouver was a visitor to our town on Tuesday, the guest of Miss Ferguson and other friends. Miss Kerr was a former principal of the Public School here and is now teaching in Vancouver.

After the holidays, send us your soiled laundry and dry cleaning. We do gloverized dry cleaning and laundry of all descriptions. We call and deliver. Phone 134. H. Hawkes, local agent.

—Alberta Steam Laundry.

Old Indian Scout at Didsbury.

Mr. J. L. Harman of Marshalltown, Iowa, has been visiting his granddaughter, Mrs. G. O. Feeg, in Didsbury during the past week. He is 80 years of age, and despite his advanced years, he was an interesting and active figure on our streets to many of the residents.

Mr. Harman, in addition to being a veteran of the Civil War in the United States, is the oldest Indian scout now living. He was chief of scouts for General Nelson A. Miles in the west and during the Indian wars of that period took part in numerous engagements and expeditions. In 1863 he was present at the massacre of United States troops which took place at Smoky Hill River, in the southern part of Colorado, and where of about 115 men who went into the engagement only eight escaped with their lives. The remainder were all killed and scalped by the Indians.

Another battle which he recalls most vividly occurred the following year at Sand Creek, Colorado. In this fight the U.S. troops mustered about 1000 men, and the large band of Indians they encountered had a peculiarly unpleasant time. Of the latter there were 682 killed, whilst the United States force escaped with a loss of eighteen men.

Of his own particular share in these engagements Mr. Harman is very reserved, but sufficient at any rate was gleaned to give some idea of the narrow escapes and exciting events which the old Indian fighter could relate.

Reminiscently, he recalled the fact that the massacre of the troops at Smoky Hill River was the direct result of treachery on the part of their guide, Joe Bralda who led them into a trap. A year after this man was present at a big powwow arranged between the government and the Indians, and being recognized by the scouts, at a time selected by them for the purpose, he was seized and quietly taken away, bound to a log and set adrift on the Arkansas river.

This is not the first visit to Canada Mr. Hartman has made. Some years ago he bought land at Consort, and after remaining there for a time he finally made his way south and eventually applied for and was granted admission to the Soldiers' Home at Marshalltown. Of his present place of residence he speaks in the highest terms. In addition to the large building containing the offices and quarters for single men, there are a number of cottages for the old married people. The grounds cover about 160 acres all beautifully laid out, with trees, shrubs, and flowers, seats here and there affording a welcome resting

place for the weary. Entertainment is supplied gratis twice a week, whilst on selected days band music is supplied. For commandment they have an old Spanish War veteran, Colonel Whitehill, "as good," Mr. Harman affirms, "as the U.S. can produce." Then in addition, they have Capt. Richter and his wife, both of whom are very popular and delight in doing all they can to make those in their charge comfortable and happy.

Other Soldiers' Homes which Mr. Harman has visited comprise one at Monte Vista, Colorado, another in South Dakota, whilst another fine home is the Battle Mountain Sanitarium, about one mile across from Fall River.

Accompanied by his wife, Mr. Harman has been visiting three daughters at Consort, and altogether has enjoyed his trip immensely. He has now living for-

ty-two grandchildren and thirteen great-grandchildren, whom it has been his desire to visit for some time, and accounts in part, he says, for this, probably his last, visit to Canada.

Pool Makes Second Payment

The second interim payment has been mailed to wheat growers by the Alberta Wheat Pool and amounts to 15 cents a bushel on all grades except No. 6 feed wheat and mixed grains. The payment on these is 10 cents a bushel.

The total payment by the Pool to date on 1926 deliveries amounts to \$1.30 per bushel, basis No. 1 Northern in store Vancouver. The final payment will be made in the fall.

Announcement is also made that an initial payment of \$1.00 a bushel, basis No. 1 Northern in store Vancouver, will be made by the Alberta Wheat Pool on the new crop.

The second interim payment will mean the releasing of \$6,500,000 to

members of the Alberta Wheat Pool. The total paid out by the three Western Pools is over 27 million dollars. Manitoba pays out \$2,696,700 and Saskatchewan \$17,825,000.

The Alberta cheques were placed in the mail over the week-end. The distribution of this six and a half million dollars at this time of the year will assist the farmers very considerably with their financing.

ALBERTA WILLS ACT PROCLAIMED

The Wills Act passed by the last session of the Alberta Legislature has been proclaimed and is now in effect. It provides for three classes of wills which will be considered as valid, namely, those signed and attested in the usual way, holograph wills wholly in the handwriting of the testator with or without witness and wills of members of the naval, military, air or marine forces.

The Act includes a provision that every will shall be revoked by the marriage of the testator except where it is declared in the will that such marriage is contemplated or where the will is made in exercise of a power of appointment and the property thereby appointed would not in default of such appointment pass to the heir.

The old engine and generator at the power plant is being dismantled to make room for a more powerful electric light producer, which will be needed during the fall and winter months.—Olds Gazette.

Last week, while returning from Calgary, Mr. and Mrs. Werner had a rather unpleasant experience. This side of Didsbury, without any warning, a bullet passed through the windshield. The bullet just passed Mrs. Werner's head. Fortunately no serious damage was done. Mrs. Werner, however, was cut about the face with glass splinters. The baby on Mrs. Werner's knee was also hit with broken glass. Mr. Werner stopped the car but could see no one. Mr. Werner is of the opinion that the bullet was a stray one from some careless shooter.—Innisfail Review.

More Speed.

A motor that might have cut his trans-Atlantic time from thirty-three to ten hours, was shown to Colonel Lindberg yesterday. He admitted it had six times the power of his own engine. The new motor - hitherto kept a secret - is the Packard X.

The development of a new 650 horsepower Curtiss engine also became known yesterday. Both the Packard and Curtiss motors have been kept secret hitherto, but their existence became known as a result of Colonel Lindberg's visit to the city.

The Packard X motor possesses 1,250 horsepower, a power never before attained by any gasoline engine to be used in aviation. It is expected to shoot a plane through the air at a speed of 300 miles per hour.

The Curtiss engine has 650 horsepower, with a diameter of but three feet, two inches, and is of such compactness that it is expected by its builders to exceed by far the efficiency of the now famous 200 hundred horse power Wright Whirlwind motor.

The Alberta Amateur Field and Tracks Championships and the Olympic Trials for the Western Section, will be held under the auspices of the Canadian Legion B.E.S.L., Branch No. 1, and the Edmonton Police Amateur Athletic Club, at the South Side Athletic Grounds, Edmonton, on Monday, August 8th, 1927.

The annual handcraft Festival held at the Chateau Frontenac, Quebec, May 20-22, under the auspices of the National Museum of Canada and the Canadian Pacific Railway Company, proved to be perhaps the most outstanding musical event ever held in Canada. Many persons from all parts of the continent gathered at the Ancient Capital to hear the old songs of French Canada and to see the handcraft products that are still produced to a large extent in Quebec despite the modern methods general in almost every other part of the Dominion.

RED ROSE TEA "is good tea"

Packed in the best packet yet found for tea—Aluminum.

The High Cost of Weeds

Actual evidence of the loss in value of weed-infested farm land is shown in an extract from the report of an inspector valuing a certain farm for loaning purposes. In his report, this inspector says: "It is badly infested with sow thistle—as are all the farms in the neighborhood. I have valued \$1,000 less than I would if clean of this weed."

This \$1,000 represented 12 per cent. of the value of the farm. Many inspectors would have discounted the value to an even greater extent.

The question naturally suggests itself: What, Mr. Farmer, is your weed crop costing you?

You may not be contemplating a sale of the land, nor considering the placing of a loan on it. For the time being the actual value of the land may be of no particular interest to you, except from a taxation standpoint. Nevertheless, the question is none the less pertinent: What is your weed crop costing you?

If you are using dirty seed, it is costing you something for seeding it. Let it be assumed that the weeds are already there and seed themselves and that the cost of seeding can be eliminated. But you have to cut the weeds along with the grain; that costs something. You have to thresh the weed seeds along with the grain; that costs something more. You haul many pounds of weed seeds along with the grain to the elevator; more cost. You pay elevator charges on the total weight; another cost. You pay freight on the weed seeds as well as on the grain; extra cost. Finally, you pay to have the weed seeds cleaned from the grain; added cost. These are direct outlays. Have you ever taken time to figure up these costs? Their total would surprise you. And, by the way, having borne all these costs, what sum of money did you realize for the weeds thus raised and marketed by you?

But, apart from these direct costs, what was the total of the indirect cost of your annual weed crop? How much life and nutrient did these weeds extract from your land? How much moisture did they consume which would have given additional strength to your grain? How many extra bushels of wheat or oats or other grain per acre would you have realized from your land if it had been clean of weeds, and you had been producing grain only instead of an unmarketable mixture of grain and weed seeds?

But, you argue, there is another side to the weed account in your farm ledger. It costs something to get rid of weeds and to keep land free of them. Perfectly true. And if you have permitted your land to become badly infested, the initial cost of weed eradication will be heavy. In fact, you may have hastily concluded that it is cheaper to go on raising weeds and grain together than to make a fight against the weeds. It is well to remember, however, that year by year the weeds will become more numerous and the grain smaller and smaller.

Then, too, the day may come when you will want to sell the farm, and you will discover that a weed-infested farm invites few buyers and a low price. Furthermore, it is safe to predict that if you continue to grow weeds, and thereby automatically reduce your grain yield, the time is coming when you will be forced to apply to a Company for a loan. Then Mr. Inspector will report that he values your land at from 10 to 20 per cent. less than he otherwise would if it had been free of weeds.

The most expensive and the least remunerative crop any farmer can raise is a crop of weeds, yet thousands of Western farmers are engaged in this losing business. Why? Because they have never taken the time to reckon up the cost, or because of shiftlessness, or downright laziness. Possibly ignorance is the cause, the farmer failing to realize that allowing weeds to grow and flourish on his land means just as much work for himself in the long run as is involved in fighting them, while the cost of growing weeds is many times greater than the cost of eradicating them.

And if the cost and loss to the individual farmer is so great, it is, in the aggregate, to the municipality, the province, and the Dominion so enormous as to stagger the imagination.

Fight weeds as you would fight fire. Fight even harder, because you can insure property against fire, but not against weeds. The only insurance against weeds must be provided by your own labor. It will prove one of the best paying of all your farm efforts.

Want Canadian Birds For Field Museum

Expedition From Chicago Seeks Extensive Exhibit in B.C.

British Columbia will probably have an extensive exhibit of her northern bird life in the Field Museum in Chicago as the result of the work of John Borden Field Museum Alaska Arctic expedition which is working in northern waters this summer. Ashley Hine, a Canadian, is one of the ornithologists with the party. The work is being carried out

under the direction of Mr. Borden in a private yacht built especially for the purpose.

"We intend to spend some time in northern British Columbia waters, thence along the coast to Alaska and are particularly interested in obtaining specimens of Canadian birds and animals to complete our North American collections."

Italian Flier Remembered

A monument to the fame of Francesco de Pinedo, Italian four-continent flier, has been raised by aeroplane pilots at Miller Flying Field, Staten Island, in the form of the "Hotel de Pinedo," built from the packing case in which the Santa Maria II. was shipped to the United States. The "hotel" is 10 feet by 20 feet, is covered with the tar paper that lined it on its ocean voyage, and is fitted up with beds for 10 pilots.

Canada stands second in the number of telephones in use and in the production of automobiles and lumber, third in gold and silver production, seventh in steel production, and tenth in that of coal.

England Is Founding New Naval Museum

Valuable Exhibits Have Been Handed Over By Admiralty

A National Naval and Nautical Museum, the first of its kind in England, is to be founded at Queen's House, Greenwich.

A magnificent start has been given to the new venture by the Lords Commissioners of the Admiralty, who will hand over the entire contents of the Royal Naval Museum, including:

The Chatham chest, dating back to the Armada.

Drake's astrolabe.

Compass and dipping needle of Captain Cook.

The Franklin relics.

Model of the Battle of Trafalgar. Uniform of Sir Charles Napier. West collection of Nelson relics. Admiralty scale models of British battleships from 1670 to 1870.

Nelson relics and other treasures now in the Painted Hall.

There will also be a collection of plans of ships built for the navy from the middle of the XVII century, a series unequalled in any other country, and models will illustrate the progress of naval construction from the Devastation to the Dreadnought.

Nelson relics and other treasures now in the Painted Hall.

There will also be a collection of

plans of ships built for the navy from the middle of the XVII century, a series unequalled in any other country, and models will illustrate the

progress of naval construction from the Devastation to the Dreadnought.

THE NURSING MOTHER

Often Finds Herself Weak and Feeling Worn-Out

The nursing mother more than any other woman needs rich blood and plenty of it. The demands upon her health are many and severe. Household duties and the care of her children exact heavy toll, while hurried meals, broken rest and indoor living tend to weaken her. No wonder she is often indisposed through weakness, headaches, backaches and nervousness. In this condition the blood will always be found weak and watery, and relief will come only through enriching the blood. For this purpose Dr. Williams' Pink Pills is the best blood-making tonic known. Through their use many weak, ailing wives and mothers have found new health and strength. As an example of this Mrs. Sarah Cortez, Ellenton, N.B., says: "While nursing my baby I became run down, very weak and nervous. My head ached all the time and I was not able to do my work. I had often read of Dr. Williams' Pink Pills and began using them, and what a blessing they proved. Before I had used a half dozen boxes I felt like a new person, and by their continued use for a while I was entirely restored to my former health and strength. I take pleasure in recommending Dr. Williams' Pink Pills to everyone suffering as I did."

You can get these pills through any medicine dealer or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

New Regulation Passed

Grain Owners May Now Appeal on Condition and Grade

A new regulation has been passed by the Board of Grain Commissioners giving the owners of grain the right to appeal on questions of condition as well as to grade of their grain.

The regulation comes into effect on August 1 and is being put into force experimentally to demonstrate whether it is beneficial or otherwise to the grower of grain. The regulation applies to Fort William, Port Arthur, Winnipeg, Edmonton and Vancouver and does not govern car go shipments.

Hitherto the only appeal possible was against the grade given.

Increases Elevator Capacity

If construction of the new Alberta Wheat Pool elevator is started within a month or so, as expected, it will be ready to begin operations in December. It will raise Vancouver's elevator capacity to 10,200,000 bushels. Six years ago there was only one elevator at the port with 1,250,000 bushel capacity.

The Positive One—"My friend there is no such thing as a useless article, and I challenge you to give me an instance."

The Equally Positive One—"Well what about a glass eye at a keyhole?"

Corns cause much suffering, but Holloway's Corn Remover offers a speedy, sure, and satisfactory relief.

Many a man is kept busy today trying to undo the things that he did yesterday.

All you have to do to stir up trouble is tell the truth on all occasions.

Immigrants Pouring In

Population Being Increased at Rate of One Thousand a Day

Immigration to Canada in the month of May this year totalled 23,941, according to a statement issued by the department of Immigration and Colonization. This is an increase of 29 per cent. over May, 1926, when the total immigration to Canada was 18,620; and 79 per cent. over May, 1925, when the total immigration to Canada for that month was 13,238.

Last May there were 8,408 British came to Canada; 2,503 from the United States and 13,030 from other countries, as compared with 7,986 British; 2,063 from the United States and 851 from other countries in May, 1926.

Immigration for April and May of this year totalled 59,382 or almost 1,000 persons per day for the two months.

In May of this year 5,561 Canadians who had gone to the United States intending to remain there permanently returned to Canada declaring their intention of staying in the Dominion. These are not included in the immigration figures.

Miller's Worm Powders seldom fail. They immediately attack the worms and expel them from the system. They are complete in themselves not only as a worm destroyer, but as a highly beneficial medicine for children, correcting weak digestion and restoring the debilitated system to healthfulness, without which the growth of the child will be retarded and its constitution weakened.

Merger of Shingle Makers

Amalgamation of the Shingle Makers of British Columbia

One of the largest business mergers that has taken place in British Columbia in recent years is that of the amalgamation of the shingle manufacturers of the province. At least 95 per cent. of the shingle manufacturers of British Columbia are now included in the recently formed organization, known as the Consolidated Shingle Mills of British Columbia, Limited.

Each shingle company is interested to the extent of the value of its plant.

The new organization will have supervision over manufacturing and selling.

The amalgamation is along the lines of similar movements in the lumber trade in the United States, the aim of which is to stabilize trade conditions.

Accorded Full Military Honors

A funeral with full military honors was accorded to J. T. Eardley of Lorne, Man., one of the three victims of the airplane disaster near Hillside, Manitoba. The bodies of F. J. Wrong and Wm. C. Weaver were forwarded respectively to Ottawa and Melfort, Sask., for burial.

Canada Regains Cup

Canada won the Mackinnon challenge cup by nineteen points from teams representing England, Scotland, Ireland, Wales and other parts of the Empire. Canada thus regains the trophy which she lost to Scotland last year by 14 points.

Generally speaking a pest is a person who, when you politely and disinterestedly ask him how he is, proceeds to tell you.

Testing Ability To Go Without Sleeping

Aviators at Camp Borden Better Record of Lindbergh

Canadian Air Force aviators at Camp Borden have been undergoing tests to determine their ability to go without sleep. It is understood that several bettered the record of Colonel Charles A. Lindbergh, when he remained awake on his trans-atlantic flight, and one other, Lieut. Dave Harding, former Queen's and Camp Borden rugby player, remained awake and actively on duty for more than 52 hours. Then, it is said, he sat down to read a magazine and, forgetting the contest, dozed off in mid-afternoon.

Fresh Supplies in Demand.—Wherever Dr. Thomas' Electric Oil has been introduced increased supplies have been ordered, showing that wherever it goes this excellent oil impresses its power on the people. No matter in what latitude it may be found its potency is never impaired. It is put up in most portable shape in bottles and can be carried without fear of breakage.

Upset Long Tradition.—A departure from the long tradition of serving fine wines at Guildhall banquets and receptions to Great Britain's guests occurred at the luncheon to King Fuad. The Egyptian monarch expressed a wish to be served no alcoholic drink, since this was contrary to the ordinance of Mohammed.

The Friend of All Sufferers.—Dr. Thomas' Electric Oil is a valuable remedy to all those who suffer pain. It holds out hope to everyone and realizes it by stilling suffering everywhere. It is a liniment that has the blessing of half a continent. It is on sale everywhere and can be found wherever enquired for.

Tobacco Growing in B.C.—It is reported from Victoria that a company is being formed in British Columbia to engage extensively in tobacco growing and manufacture.

Keep Minard's Liniment near at hand.—A few years from now we shall probably see mermaids sitting by the side of the trans-Atlantic air highway, selling hot dogs and deep sea souvenirs.

Mothers Should Use

When The Bables Are Cutting Teeth

During the baby's teething time, in the hot summer months, the bowels become loose and diarrhoea, dysentery, colic, cramps and other bowel complaints manifest themselves; the gums become swollen, cankers form in the mouth, and in many cases the child wastes to a shadow, and very often the termination is fatal.

This is the time when the mother should use "Dr. Fowler's," and, perhaps, save the baby's life.

It has been on the market for the past 80 years; put up only by The T. Milburn Co., Limited, Toronto, Ont.

PRINCE MICHAEL ASCENDS THRONE OF RUMANIA

Bucharest.—One hundred and one guns boomed a salute to King Michael I. of Rumania announcing to the assembled multitudes that the six-year-old monarch has ascended the throne, succeeding his grandfather, King Ferdinand.

Prince Michael, whose mother is Princess Helen of Greece, was born October 25, 1921, and created heir apparent on Dec. 31, 1925, on his father, Prince Carol, renouncing his rights to the succession.

Some time ago a regency council was appointed for Prince Michael, the regency consisting of Prince Nicholas, 23 year old son of King Ferdinand, the patriarch of Rumania and the Chief Justice of the supreme court.

A cortege composed of the royal household cavalry, the prefect of police and the marshal of the royal court, preceding a royal conveyance bearing Prince Nicholas, the Princess Mother Helen, Princess Beana and the little king himself, passed through the streets from Cotroceni Palace to the House of Parliament.

Within the building were the members of both Houses, all the military and civil dignitaries and the members of the diplomatic corps. The regents, Prince Nicholas, Patriarch Miron Cristea and Justice Buzdugan entered. They were followed by Princess Helen, who led His Majesty Michael I. by the hand into the chamber of deputies.

The little child hesitated, then halted as if on the verge of tears.

"Remember you are a king and the son of kings," his mother told him.

Straightening out his puny shoulders the little chap ascended the 15 steps to the royal tribunal and gazed upon the assembled deputies and senators, professors and learned men with the greatest unconcern, never smiling. Then came the cheers.

The Princess Mother Helen, dressed in deep mourning and wearing a heavy crepe veil, stood behind her child-king. She was pale and evidently laboring under great emotion, but erect and queenly. Prince Nicholas was the first to take the oath, and swearing to uphold the constitution, the rights of the Rumanian people and allegiance to King Michael. Meanwhile the little king was glancing about as if in fear.

Then as the Patriarch followed with a similar oath, little Michael smiled. The Patriarch seemed like a figure which had suddenly emerged from the Bible—long beard and stern features. He spoke in a low, deep voice, emphasizing the oath in a manner to show his realization of the importance he attached to the sacred moment. Justice Buzdugan's voice was scarcely audible.

Have Elected Canadian

Sir Campbell Stuart Is Chairman Of Pacific Cable Board

London.—Sir Campbell Stuart, a Canadian, and director of the Times Publishing Company, has been elected chairman of the Pacific Cable Board.

The election of Sir Campbell Stuart is the outcome of a dispute which Canada had with the cable board and which was settled at the Imperial Conference last year. Formerly the chairman of the board was appointed by the British Government, but the Canadian Government asked that he be elected by the members and this request was granted. Legislation making possible this and other changes in the board's management recently passed the British Parliament.

Maintain Trade Increase

Ottawa.—Canadian trade for June dropped slightly in comparison with June of last year, but for the three months of the fiscal year ending June there is an increase of nearly \$50,000,000 over the 1926 figures.

The grand total of Canadian trade in June 1927, was \$208,229,997, while in June last year it was \$210,912,014.

Work Proceeding Fast

1,430 Men Now Working On H.B.R. Construction

Saskatoon.—Work on the Hudson's Bay Railway is proceeding fast, 1,430 men now being employed on the job. Numerous gangs are spread all along the line from Mile 80 to Mile 329 and the work being done consists of filling, levelling, re-tieing and ballasting. Steam shovels are at work at The Pas and Mile 329. Another has arrived and is proceeding north. It will be located at the pit at Mile 127.

At The Pas, filling in of trestle approaches to the big bridge over the Saskatchewan river is about completed. In the yards seven miles of trackage has been laid and filling in and ballasting is under way. The new concrete roundhouse and shops are nearing completion. Men are now working on the interior. When finished this will be one of the finest yards of its size on the continent. Work on a similar yard at Mile 137 is slightly further advanced.

The most modern equipment is being used all along the road. Especially is this noticeable in the service being furnished the workmen. There are now three complete new outfits of bunk, cook and dining cars at different points on the line. The bunk cars are furnished with steel bunks. The dining cars are 60 feet long and the cook cars have the latest improvements for handling the requirements of large gangs. Throughout special attention is paid to sanitary arrangements. The new hospital unit has been placed in position. This is a revelation to those who are familiar with old time railway facilities.

Canadian Wheat Board Will Cease Operations

Business To Be Wound Up On September First

Ottawa.—The department of trade and commerce has issued a statement calling attention to the fact that in accordance with an order-in-council, passed on March 15, 1927, the Canadian wheat board which was brought into existence by an order-in-council of July 31, 1919, will be finally wound up on September 1 next.

On and after that date no participation certificates shall be paid and all monies in possession of the wheat board on the said date shall be declared the property of the crown.

At the present time the expense necessary to continue the occasional payment of participation certificates amounts to considerably more than the value of the certificates presented. As the lease for the storage offices in Winnipeg expires at the end of August, it has appeared advisable to finally close the operations of the board on September 1. In the opinion of the department of justice this can be done by orders-in-council and without legislation. Outstanding certificates must therefore be presented before that date if payment is expected.

May Receive Edward Medal

Bravery Of Officer On Renown To Be Recognized

London.—The Duke of York and the commander of the Renown have alike spoken very highly of the gallantry of Petty Officer Jefferies during the fire that broke out on the battleship just after she had left Australia for home, and it is probable that it will receive recognition from the King.

Most likely Jefferies will be given the Edward medal, the usual reward for acts of bravery of that kind. It is a decoration greatly prized by the recipients. Perhaps more will be heard of the affair now that the Duke and Duchess are home.

It was through Jefferies' steadiness after the fire broke out that it was possible to turn off the oil cocks and prevent the flames from spreading. Thus Jefferies really saved the ship.

Fliers Receive Medals

New York.—Commander Richard E. Byrd and Lieut. George O. Neville were awarded the Distinguished Flying Cross by Secretary of the Navy Curtis D. Wilbur, in the name of President Coolidge, for "courage and extraordinary achievement in flying the plane 'America' to France."

King Ferdinand

Ferdinand the Just, first king of Greater Rumania, who died at his summer residence, Castelul Palace, Sinaia, after a lingering illness.

Irish Free State Policy

Special Legislation To Meet Situation Caused By Hostile Republicans

Dublin.—President Cosgrave has introduced special legislation in the Dail to meet the situation created by the assassination of Vice-President Kevin O'Higgins, and the general hostility of the Republicans to the Irish Free State.

One bill makes provision for the maintenance and preservation of the State, while another requires that candidates for the Dail or Senate, before nomination, must swear to a declaration of intention to take their seats and the oath.

This latter bill strikes particularly at the policy of Eamonn de Valera, who with the other elected members of his party, the Fianna Fail, declined to take the oath to the King after the last general election and have been excluded from the Dail.

President Cosgrave also indicated his intention of seeking to provide for Mr. O'Higgins' widow.

Will Need More Harbors

Canada's Trade Bound To Increase Says Lord Willingdon

Saint John, N.B.—Reflecting an optimistic outlook on the future development of Canada, Viscount Willingdon, Governor-General of the Dominion, delivered an address at the luncheon before the Saint John Canadian Club and guests here. His Excellency referred to the resources of the country, and in this conclusion told of the large number of harbors necessary to carry on the trade of Great Britain.

He felt that in a short time it would not be a question of getting enough trade to keep Canadian harbors busy, but of getting sufficient harbor accommodation for the increased trade.

Confer on Chinese Matters

The British delegation who were chosen to attend the Institute of Pacific Relation's second biennial gathering to be held at Honolulu. The party arrived in Canada June 23 on the Canadian Pacific steamship Mont Royal and proceeded west after a three-day stay in Montreal and Toronto. Sir Frederick Whyte and one or two other members were the guests of His Excellency the Governor-General at Rideau Hall. His Excellency was the chairman of the Chinese Indemnity Commission at Peking a year or two ago. Chinese matters are to be the outstanding topics of discussion at the Honolulu

Will Tour Dominion

Party Of Distinguished British Editors To Visit Canada Soon

Montreal.—The itinerary of the party of 100 British newspaper men who will arrive at Quebec August 12, provides that during the month they are in Canada the Britishers will visit practically every corner of the Dominion and, besides visiting every city of importance, have an opportunity of studying at first hand Canada's natural resources and investment possibilities.

Under the leadership of John S. King, president of the English Newspaper Society, the party will be the most distinguished newspaper group to visit Canada since the Imperial conference in 1920, and will include, among others, Sir Richard Winfrey, of the Peterborough Advertiser; Isaac Edwards of the Bolton Evening News; E. M. Davies, Swansea Daily Post; John Buchan, Dundee Courier and Advertiser; T. T. Stanley, Birmingham Gazette; and R. V. H. Taylor, of the Bristol Times.

From Quebec the party will travel by special train to Fredericton, St. John and St. Andrews, N.B. Thence through to the Pacific Coast via Montreal—Ottawa, August 18; Winnipeg, August 20; Saskatoon, August 22; Edmonton, August 23; and Vancouver, August 28. They will return via the main line of the Canadian Pacific and arrangements have been made to the end that wherever the train stops the party will be greeted by provincial and civic officials and by the newspaper and business men.

At High River, August 24, they will be received by the Prince of Wales on E.P. Ranch and at Rideau Hall, Ottawa, earlier, by Viscount and Viscountess Willingdon. The party will leave Montreal for return to Liverpool, September 9.

Arrange Reception For Royal Party

Preparations For Three-Day Visit In Quebec Are Completed

Quebec.—All is prepared for the reception which is to be extended to Their Royal Highnesses the Prince of Wales and Prince George and to Premier Stanley Baldwin, when they arrive at the ancient capital on Friday afternoon, July 29. A meeting was held in connection with the visit to Canada of the royal visitors and Britain's Prime Minister, and following the meeting the detailed program of the events which will take place during the three-day stay here was given out.

Of the events scheduled to take place the state dinner at Spencer Wood will be the most outstanding. The welcome by the province will take place on Saturday when a luncheon will be held.

Premier Mackenzie King and members of the Dominion Government will visit the ancient capital to welcome the visitors to Canada.

POULTRY MEET WILL GREATLY BENEFIT CANADA

Ottawa.—"Canada is under a great responsibility; we are looking to her to open a new era in the poultry industry and to make it greater than ever before," said Edward Brown, president of the World's Poultry congress, speaking at a luncheon tendered to visiting delegates.

Mr. Brown declared his belief in the great benefit to be gained through the congress this year. This, he said, was going to be by far the biggest meeting ever held in poultry or agricultural circles. Representatives from 49 nations throughout the world will be here, and he urged them to come with open minds, ready to learn and ready to teach their fellow delegates all that they can.

"It is for you to awaken to what may be in your country," he said, "and this congress is going to reveal what is in Canada." It was his belief, he declared, that the congress will do more towards putting Canada further on the map than anything else could.

Hon. W. R. Motherwell, minister of agriculture, in a brief speech, told the audience how the congress had been brought to Canada largely through the efforts of F. C. Elford, Dominion poultry director, who had shown the most remarkable energy and initiative in urging his cause. Furthermore, he declared, the thing had not been put across by pull. Canada, he declared had stood on her own merits, and this was the one great reason why the congress had come here this year.

"It is not yet time for congratulations," Mr. Motherwell said. "The time for adulation will come after the meeting is over and has been proved a success."

Aviators Sign Contract

Favor Late August For London-To-London Flight

London, Ont.—The contract for the London-to-London flight with Captain W. R. Maxwell and Captain T. B. Tully as co-pilots has been formally signed with Charles Burns, donor of the \$25,000 prize. The fliers spent several hours making a further survey of possible flying fields with the necessary two-mile take off within a few miles of the city.

The airmen will return to superintend the appointment of the field and will be here when the aeroplane arrives from Detroit early in August.

It is understood the flyers favor the latter part of August for the flight.

Would Boost Empire Goods

Director-General Of Empire Trade League Outlines Scheme

Montreal.—Theo Feilden, director-general of the Empire Trade League and editor of the Empire Mail, in an address to the Montreal Rotary Club outlined a scheme to establish a chain of stores throughout Great Britain which would sell British Empire products only. It would involve, said Mr. Feilden, the formation of a million pounds sterling corporation to establish the shops and popularize Empire foodstuffs.

British industrialists stated, the speaker, were taking a growing interest in Canada. He hoped to see many branches of British factories established here in the near future.

Receives Memento Of Diamond Jubilee

Microphone Used In Broadcasting Program Presented To Thomas Ahearn

Montreal.—Thomas Ahearn of Ottawa, who served as chairman of the broadcasting committee of the National Diamond Jubilee celebration, was presented with the microphone through which the voices of Canada's most prominent men were sent over the Dominion together with the first sound of the carillon from the peace tower at Ottawa.

The presentation was made at a luncheon tendered to Mr. Ahearn by some 25 of his associates in the work of broadcasting the jubilee program.

Thursday, July 21st, 1927.

Church Announcements

EVANGELICAL NOTES.

All the services in the Evangelical Church will be cancelled next Sunday, July 31 in favor of the Mennonite Camp-meeting.

A very large gathering attended the funeral service of Miss Annie Pross, 18 year-old daughter of Mr. and Mrs. Bert. Pross. The death of the deceased took place on Monday morning in the Didsbury hospital after an illness of two weeks with appendicitis. Rev. Gaurke, pastor of the bereft family, preached the funeral sermon while Rev. Roppel conducted the preliminaries of the service.

KNOX and WESTCOTT

Sunday, July 31st, marks about the halfway point of the summer, which is passing all too quickly. The one-hour services will be continued and the minister is taking for his theme "The Resources of the Disciple."

Lone Pine Hall,

Sunday School at 2 p.m., and Church Service at 3 p.m., July 31. Everybody come.

ST. CYPRIAN'S

(Church of England)
Priest-in-charge, Rev. H. Clay, Box 157, Olds.
First Sunday in the month—Afternoon at 3:00 p.m.
Third Sunday in month—Morning at 11:00 a.m.
School is held every Sunday.

Camp Meeting.

The annual camp meeting arranged in connection with the M.B.C. church, and which is in session this week, has attracted a large number of people to Didsbury. On Sunday night no less than 194 sat down to supper. The meetings, too, have been well attended. The evangelist this year is N. W. Rich of Council Bluffs, Iowa. Prof. W. R. Hallman of Chicago is song leader and Mrs. W. R. Hallman is pianist. In addition to the large tent in which the meetings are held, there is another especially for the children. Meals are being served in the basement of the College, where sufficient seating accommodation is provided for about seventy persons.

These camp meetings were inaugurated in 1905, and since then they have been held year by year, becoming now an annual feature.

Camp this year commenced July 21st and meetings are being held daily until Sunday evening next. A very hearty invitation is extended to the general public.

Cordial Invitation.
